

# Spanish Immersion Program at the Learning Center

Our high energy and fully engaging classes bring the Spanish language and cultures alive. Our goal is to help the children build a solid foundation in Spanish while encouraging them to develop a life-long love of the Spanish language and cultures.

The children in our program learn Spanish the same way they learned their mother tongue – by being fully immersed in it. Through music, art, stories, games and play, the children enjoy normal pre-school activities in a Spanish Immersion classroom with two native Spanish speaking teachers.

We offer 2K, 3K, 4K and 4/5K classes. To find details on our program and register, go to our website: [www.bridgeslanguageschool.com](http://www.bridgeslanguageschool.com)

Please contact Mary Beall on 843-670-5643 or [mbeall@bridgeslanguageschool.com](mailto:mbeall@bridgeslanguageschool.com) with any questions.
